

## At New Buffalo Alliance Church...

### We Focus on God

#### ***...By Prioritizing Prayer***

We understand that nothing worthwhile in the Kingdom of God is done apart from the Spirit of God, and we desperately seek for his will, his help, his presence, and his holiness.

#### ***...By Worshiping in Spirit and Truth***

We engage in corporate worship that is celebratory, focused, excellent, and inspirational. We desire to come before God together in holiness and honor him.

### We Grow Together

#### ***...In Community***

We seek to build a unified, gracious family. We prioritize peace and unity. We enjoy one another. We embrace openness to the inclusion of all others who want to meet Jesus.

#### ***...By Making Disciples***

We know we each have an individual responsibility to grow as a servant of God. We also have a responsibility to invest in others. God gives his grace to us so that we might pass it along to others.

### We Have a Kingdom Vision

#### ***...By Seeking the Lost***

The Gospel is our heartbeat. Thus, we focus on evangelism and desire the salvation of friends, family, and neighbors. Our budget reflects the need and desire to evangelize in our community, in new church plants, and around the world.

#### ***...By Seeing Beyond Our Walls***

We think of our ministry in terms of the Great Commission, of building the Kingdom of God, not only our church. This leads us to service involvement and sacrificial giving toward Missions and Church Planting.

### ***What is the heartbeat of our church?***

In the Bible the church is not a building. It is a gathering, a group of people who come together for a common purpose.

Fundamentally, our purpose is Jesus.

We exist as a church to Make Disciples who glorify God and exalt Jesus Christ as our Savior, Sanctifier, Healer, and Coming King.

To accomplish this, we strive here at New Buffalo Alliance Church to be a people who are “Worshiping God in Community, Joining Him in Mission.”

As God helps us, we will accomplish his work in his way in his Kingdom!
